Urdu

ABOUT ME

Hey, I'm Sufian, a passionate web developer with expertise in JavaScript, Next.js, TypeScript, Node.js, Tailwind CSS, and React.js. I'm on a journey to enhance the future of web development. With a deep understanding of creating fully responsive websites using Next.js, I've mastered crafting dynamic frontends and am currently diving into building powerful and secure backends. My mission is to create fast-performing, cool-looking websites that stand out.

WORK EXPERIENCE

- Eager to get some professional experience

PROJECTS

• E-COMMERCE WEBSITE:

I've create this website using next.js, sanity as a backend, stripe for payment methods. I've also created a responsive UI using shadcn.

Skills: Next.js, Sanity, Stripe, Typescript, Responsiveness

[Check out the website here!](#)
